

George Family Spirit Award

We have one very special award that is near and dear to our hearts. The George Family Spirit Award is given to the team that shows the most spirit. This award is in honor of a family that had two girls, Brittany & Brandy, attending Orlando Metro Gymnastics. Through a series of tragic events, in just six months, the girls lost both parents. They were determined to continue with gymnastics even through their tragedy. With the love and support of their teammates and the entire Orlando Metro Family both did and both received gymnastics scholarships. This award is given to the level 10 girl's team that shows that same determination, love and support for each other as the gym did for those girls. This award is voted on by your judges.
